

INTERNATIONAL FEDERATION OF PLACENTA ASSOCIATIONS

**European Placenta Group – IFPA meeting
November 23rd – 25th 2022
INRAE Jouy en Josas, France**

The 18th European Placenta Group (EPG) meeting will take place both online and in person in Jouy en Josas, France, jointly as a regional meeting for the International Federation of Placental Associations. EPG gathers scientists working on all aspects of mammalian placentas, in humans and animals.

The program will include as major topics:
Placental development, in vitro/ex-vivo placental models,
placental physiology and placental dysfunction in humans and animals, based on submitted abstracts.

Based on abstract submission and/or presentation, IFPA prizes will be awarded to Early Stage Researchers (any stage researcher up 3 years post-PhD)

Registration fees:

Free for EPG members
50€ for non-EPG members

Call for abstracts – deadline 15th of September
